

TWENTIETH YEAR NO. 15

GLEICHEN, ALBERTA, WEDNESDAY, JUNE 30, 1926

SUBSCRIPTION 2.00 PER YEAR

GLEICHEN STAMPEDE MOST SUCCESSFUL

Once more Gleichen has its credit as a first class stampede, and one that proved satisfactory to every attendant, which is a feat most difficult to attain in any undertaking, let alone a stampede with its thousand and one little things that may go wrong despite every effort.

Nevertheless, it was accomplished, and up to the hour of going to press there is none to dispute the general satisfaction so generally expressed.

For all of which the credit is due Manager O. DeJardin and his committee of management, comprised of Messrs. Glen C. Howe, Harry Allen, Walter McLaugh and Pete Le Grand, who were ably assisted by cowboys from all over the district.

Friday proved ideal weather for the Stampede, bright sunshine, but just enough clouds and wind to make everyone feel comfortable and ready to enjoy themselves.

There was a stampede, proper, there being only a few other events to relieve the fun, such as Indian races, ladies, horse, deer, barrel turning etc., the balance being chuck full of bucking horses, and roping.

No long waits from the start, save a short interval of rest before the finals. Just a continuous stream of wild critters from the chutes. No scenery worth one cent, finish, and the gates swung open and another was on.

There was scarce time to watch "Shorty" Campbell's clever roping and come stunts, although he proved fun gallop for the kiddies and Indians, while their elders were forced to admit his roping was equal to the very best.

There is great credit coming to the "victory" and will no doubt make a big "hit" in Calgary. He left Toronto March 9th and is now in Calgary awaiting his big stampede opening next Monday.

Several accidents happened during the bucking contest. Vernon was thrown and landed on the side of his head. For a while he lay still, but recovered and was able to attend the show during the rest of the day. Both Watson boys of High River were hurt. One of them had horses fall on him twice and the other was thrown violently to the ground and it was at this time he had been stepped on.

In the final horse riding event, ten terrific buckers, screaming and grunting with every buck and seemed to leap five and six feet in the air in their prodigious efforts to get rid of their riders.

Prize Winners

Bucking with saddle. — L. Watson, first; F. Struwick, second; and E. Watson, third.

Buck bucking horse. — Brown Jug, first; Grizzly Bull second. Both horses are owned by O. DeJardin, and will be sent to Calgary for the stampede there.

Barrel riding with sundries. — Munsey, first; McIntosh, second and Hyatt, third.

Calf roping. — Donald McMaster 61.34 seconds; Yellow Son, 62.34 seconds; Alex Laframboise, 64 seconds.

Steeple riding. — Frank Sharp, first and Geo. McIntosh, second.

Ladies exhibition steeple riding. — Miss Clara Bell, Oregon.

Ladies pony race. — Mrs. Adam first and Miss Nellie Brown second. Pony race. — S. Radburn first and Mack Spring third second.

GREAT PREPARATIONS CALGARY EXHIBITION

Great preparations are being made for the Calgary exhibition and stampede, to be held July 5th to 10th, next. Every year this great annual event itself is improving in the matter of size, thrills and educational features. This year, all previous successes will be surpassed. It is the most magnificent feature of the Calgary exhibition and stampede provides vast numbers of entertainments. No other exhibition and stampede provides such entertaining features. These include the great opening fireworks, the stampede parade, held Monday morning, with thousands of Indians, cowboys, chuck wagon, mounted police, old timers, industrial floats, etc. In this parade there will be at least 1,000 horses and nine bands. On Tuesday and Thursday morning there is the up-town street display, where automobiles are hauled and cowboys, Indians, chuck wagon, old timers, outfit, packing competitions, etc. Every colorful program never to be forgotten. Special prize list has been issued for these events and may be seen on application. It is the night of the great cowboy and old time ball, when thousands dance to the music provided by the band. It is all of the above events, which Mr. J. C. Buckley, U.F.A. president, is endeavoring to make the best of.

The exhibits at the fair ground will be more numerous than ever, as 12,500 have been added to the 17,000 of last year. The best livestock will be gathered together from Canadian and United States. The livestock is the showpiece from a nation of thousands of miles. Both the race and the show will be continued for six days this year. The famous Calgary stampede has been enlarged to include the addition of Canadian championships for bucking horse, wild and calf roping, as well as other competitions in various classes.

Over 500 of the best livestock, from all parts of Alberta have been arranged for and further improvement have been made to the corral, so that the animals in need of the most amount of thrills. His Majesty's Coldstream Guards will play each evening at the main grand stand. This is considered the best military band in the world. An especially fine musical program will close each night.

Exhibition entries close on June 1st and stampede entries close on July 1st. Reserved seat reservations may be made by writing to Mrs. John Wilson, ticket superintendent, care of Grand Theatre, Calgary and room 205 in the Hotel Grand Theatre. Dan Watson, president of the Alberta Horse Show who is conducting a free accommodation office.

Come prepared to wear cowboy and cowboy attire and enjoy a wonderful holiday in the Calgary Monday for the great stampede parade.

ODELLOWS DRAMA VULCAN ATTENDED AT

On Thursday afternoon last the local Odellovs and ladies met at the Vulcan, putting on the play "Captain Racket" in the Opera House before a splendid and appreciative audience. Two of the cars ran into a steeple race around on the way over. Both cars were damaged and considerable car stalling caused by the heavy mud. However, in spite of their late arrival in Vulcan, the little time to rest, the curtain rose exactly on time. The company was made of their success to Mr. M. Watson, who has proved to be a very patient and enthusiastic director, also to Mr. P. Maclean, stage manager. Their arrival on Friday night "Captain Racket" on Friday night at the Mademoiselle Community Hall.

U.F.A. Government Sustained

John C. Buckley Majority 435 Over Two Opponents

Liberal Candidate Lost Deposit

"No, I have nothing very important to say. But I am very much pleased with the result of the whole campaign as it was a clean campaign through and through and no special indulgence in it." The above was the reply of Mr. John C. Buckley Tuesday morning when asked over the phone by The U.F.A. if he desired to say anything for the election, regarding his re-election as member for the Gleichen constituency.

Then continuing Mr. Buckley said he was very much pleased that the U.F.A. had won the U.F.A. at the election of 1925. He said he thought it was an indication that the people of the north had begun to understand the U.F.A. government.

He said he had just received the list of members of the U.F.A. at the election of 1925. He said he thought it was an indication that the people of the north had begun to understand the U.F.A. government.

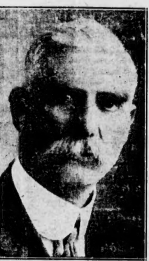

Mr. Buckley has promised to do for The U.F.A. all returns for his constituency, and as they have not arrived in time for this issue and close received here are so incomplete that we believe it to be to leave them until they are complete.

There is no question as to the U.F.A. government having been sustained by a majority of about 40 seats. It is more than probable, however, that the government will receive further additions to their ranks when the second counts are all in.

So far as we are able to learn at the hour of going to press the election throughout the province is as follows:

FARMERS ELECTED

Lorne Proudfoot, Acadia. P. Esaucau, Alexandria. J. M. Doolittle, Beaver River. Porren Baker, Cypress. Hon. V. W. Smith, Canmore. G. L. Stringham, Cardston. G. Walker, Claresholm. H. M. MINUTES OF THE GLEICHEN TOWN COUNCIL

Minutes of meeting of Town Council held in the town office on Friday 11th June, 1926. Present Mayor Michael, Councillors Wright, Menard, Brown and Ferguson. Wright and Menard: That the minutes of the meeting of 14th of May be adopted as read. — Carried.

Cosn. Wright and Brown: That the auditor's report for the three months ending 31st March be accepted. — Carried.

Re: R. P. Megill mortgage; Cosn. Ferguson and Wright: That the secretary interview Mr. Boyd regarding the steps necessary to enforce an early collection of this debt, and that a meeting of the Power House and Finance Committee be called to consider any steps advised by him at the earliest possible date. — Carried.

Cosn. Brown and Menard: That the fire chief's report for the first three months of the year be accepted. The matter of purchasing water and pressure gauge was left in the hands of the fire committee to deal with. By-law No. 145 compelling the installation of water closets on properties served by the water and sewer lines was submitted.

Cosn. Brown and Brown: That the By-law 145 now read a first time be read a second time. — Carried. By-law No. 145 compelling the installation of water closets on properties served by the water and sewer lines was submitted.

Cosn. Brown and Wright: That the By-law 145 be sent to each member of the local board of health. — Carried. A report was submitted on sodium water. The road inspector was instructed to follow up his orders and see that they were carried out. Upes prices were then fixed the lots to be sold at public auction on Saturday, 16th, July.

Cosn. Brown and Menard: That the accounts as passed by the finance committee be paid. — Carried. The holding in rear of Walter Garage Councilmen Menard reported that Mr. Walker intended to tear this building down and enlarge the garage if business conditions warranted.

Cosn. Menard and Ferguson: That the secretary-treasurer notify Mr. Walker to tear down the lot if he had it metal clad within thirty days. — Carried.

BASEBALL

Mademoiselle defeated Arrowood in a league fixture at Mademoiselle 19 to 6 by a score of 15 to 4. Arrowood made all their runs in one inning while Mademoiselle gradually crawled up and overcame the lead in the last inning.

Mademoiselle beat Milo in the game on the 27th of May. On July 4th Mademoiselle will play at Quenowaton. On July 8th Gleichen will play at Arrowood.

SHOW AND DANCE IN MEADOWBROOK HALL FRIDAY, JULY 2ND

The Gleichen Oddfellows dramatic club is now becoming quite famous and now the members are asked to put on their play "Captain Racket" for the third time — this time at the Meadowbrook Hall, on Friday evening next, July 2nd.

Their two previous performances at Gleichen and Vulcan have won fame for their ability and it will not be surprising if they are still further in demand. Friday night "Captain Racket" will start sharp at 8:30, when a big crowd is assured and immediately following a big dance will be given all for a single admission of \$1 and children 25 cents. The ladies of the town and country are untiring to put on the supper and that's enough said.

The music will be supplied by the Gleichen orchestra and it is fully expected that this combination will attract a full house.

ST. ANDREW'S CHURCH SERVICES

8th Sunday after Trinity. July 4, 1926. Sunday School 11 a.m. Evening Prayer 7:30 p.m. Rev. Mr. Gitsney will conduct evening prayer.

GLEICHEN; ALBERTA, WEDNESDAY

THE SCHOOL EXAMINATIONS

The Departmental Examinations in Alberta are now
 over. Much has been said for and against the practice
 of holding annual examinations for determining the
 standing of our students, and perhaps much more will
 have to be said before any radical change in the present
 method will be adopted.

Life is a testing. We are being examined every day
 of our lives, and either "measuring up" or being "left
 wanting." To argue that our children are subjected to un-
 necessary physical and mental strain at examination time,
 is but the acknowledgement of a physical weakness,
 which should have been taken care of all year. Especially
 the girls are said to get nervous, and "to break down"
 at examination time. The fault is not with the examination
 but with our manner of living. Watch our young school
 age girls in their fast modern life outside of school and

compare the physical exertion and nerve racking possi-
 bilities of our modern Charleston, or any of our social
 affairs, the hours they keep, the social whirl and excite-
 ment they live in, and an examination period is a tranquil
 summer's evening in comparison. The nerves and physical
 stability of our children are being ruined 100 per cent
 faster outside of school than inside, even at examination
 time. It's time parents were becoming sensible on these
 things and ceasing to castigate the school system for the
 evils their children are bringing on themselves through the
 parents' own indulgence.

And yet we object to the examination system, as we
 have it today. The great object of the present system is
 it's almost wholly impersonal attitude toward the pupil.
 The greatest stress is laid during the year on co-operation
 between teacher and pupil and parents. The teacher is
 expected to inspire, to lift up to higher things, as well as
 to teach the pupils the facts of his lesson. The school it is
 hoped, is more than a "knowledge factory," where facts,
 figures and theories and theories must be learned and re-
 memorized. As such, the school all admit, would be
 largely a failure. If the child doesn't learn life, and men
 and things, if he isn't touched with the touch of life, in his
 education, then such teaching is often worse than useless.
 And yet, what does an examination examine.

First of all the examination is set by an examination
 board, too often the members of which are wholly removed
 from the child life in the school room. Second, the answer
 papers are collected and sent away to Edmonton to be
 corrected by teachers whose greatest in-
 terest is in getting as many papers marked in a given time
 as possible that their yearly stipend might be enhanced by
 a few more dollars per diem. And the child is the lesser
 consideration. The ability of any particular child or pup-
 il is not being examined, but merely the facts memorized by
 him are now under review. As any teacher who has exam-
 inations served his or her class, and you will invariably
 find that some of the best pupils failed to measure up,
 while too often, the note cramming and last minute prepa-
 ration has succeeded in pigeon holing enough information
 during the two or three weeks of pre-examination brain-
 sweat to put-to-fore in the final examination.

What is the remedy? Well, give the teacher a real
 chance to recommend pupils. If the teacher is fit to be
 in the school room at all she should be the most capable
 person of passing on the ability of any student. Perhaps
 there must needs be examinations, but the teacher's "meas-
 ure up" of each pupil, should be the life of a pupil to be re-
 tained for a whole year, perhaps permanently as such a cri-
 terion as the examination. It is true that teachers are now
 required to send in a confidential report on each pupil, but
 there are two things wrong with these reports. First they
 must not be of any value to the department for they are
 never used, else how could some of the year's best students
 be "blacked" every day. Second they are like the child's
 examinations, a mere mathematical calculation of the mas-
 tery of facts by the pupil, with little attempt being made in
 such reports to present the department any adequate idea
 of each pupil. What is the remedy? Well, give the teacher
 a comprehensive report of the year's work of each student
 showing the monthly record in all school activities. It is
 a serious thing to allow discouraged by the hurried, al-
 most frenzied, marking of that pupil's examination paper
 by an examiner, whose sole interest is to pile up papers
 so much per. No we do not object to the examination, but
 we object to the system because of its inadequacy.—Car-
 lson News.

The man who does not advertise simply because his
 grandfather did not, ought to wear knee pants and a que.
 The man who does not advertise because it costs money
 should quit paying rent for the same reason. The man
 who does not advertise because he tried it once and failed
 should throw his cigar away because the light went out.
 The man who does not advertise because he does not know
 himself should stop eating because he does not know how
 to cook.

A. M. Johnson, President of the
 Canadian Club of Boston, visiting
 Montreal for the first time on the
 new "Redwing" train now running
 between the two cities on Canadian
 Pacific lines. In telling of the
 charitable and naturalization aid
 given by the Canadian Club of
 Boston, Mr. Johnson said
 there were some 900,000 Canadians
 in the State of Massachusetts. Of
 this number 80,000 are in Boston.

Sir Ernie Howard, British Am-
 bassador to the United States, stated
 on his arrival in Toronto on a C.P.R.
 train that the question of European
 peace was the most urgent and im-
 mediate problem of the day. It was
 necessary for Great Britain to assist
 in maintaining peace and the League
 of Nations offered a suitable vehicle.
 Sir Ernie claimed that if the League
 disappeared England would be com-
 pelled to join some European com-
 bination against any country which
 threatened to dominate the con-
 tinent.

Net earnings of the Canadian Pa-
 cific Railway for March were \$2,
 524,177, an increase of \$706,985 over
 the same period last year, and the
 best March net since 1918. For the
 three months ending March 31 net
 earnings were \$7,531,097, an increase
 of \$7,531,097 over the corresponding
 period of last year and the best
 showing for the three months since
 1917. Gross earnings for March
 were up to \$12,071, while expense
 increased only \$322,300.

The development of tourist traffic
 to the Dominion has been one of the
 most noteworthy events of the Cana-
 dian economic situation in the post-
 war period. Holiday makers of the
 United States apparently find Cana-
 da's vacation charm irresistible as
 the number of visitors shows large
 increase every year. In 1925 58,
 420,144 United States automobiles
 entered Canada for touring pur-
 poses, as compared with 1,852,010
 in 1924. A new record is expected
 this season.

Speaking at the Canadian Daily
 Newspaper Association meeting at
 Toronto recently, E. W. Beatty,
 President of the C.P.R. said there
 is no class of worker more closely
 in touch with, or more soundly in-
 formed of the problems of the coun-
 try's industrial life than the railway
 and newspaper workers. Each was
 building up the country as he served
 the actual needs of the community.
 Beatty was impressed with the
 universal will of the Canadian
 press to get behind appeals that
 must be made to the public on
 behalf of works of charity, civic
 benefit and education.

Why is it the girl who makes high grades in chem-
 istry can't even make a decent mince pie at home?

The ways girls are wearing them now they're
 "shockings," not stockings.

Economic Need of Canada Is For More People To Settle On Vacant Lands

Toronto.—Canada's economic need is for more people. We need more producers and more consumers. The policies which produce prosperity, and property will give us national unity. We have been winning more and more of our land. It is not their little of the need for national unity or national harmony. These were the closing words of Mr. St. Thomas, who, at the annual meeting of the Canadian Manufacturers' Association here.

Mr. Thomas declared that the policy necessary for prosperity were the policies which would develop the resources of Canada. Prosperity had for Canada a much greater significance than the mere material wealth. "We must, even if it involves some sacrifice, to provide in Canada the diversified industries and services which will take up that part of our population which desires to engage in activities other than our primary industry. We should do everything in our power to promote agriculture, mining, lumbering, fisheries, and so on, and also everything in our power to promote industrial enterprise," he said.

St. Thomas, Albert, prominent speaker of Manitoba, who is now in St. Thomas, Ontario, a strong supporter of Canadian unity. In behalf of the British provinces he begged that the policy be taken by the rest of Canada. "If any of your provinces are weak, I beg of you, gentlemen, to remember them in a spirit of interest and assistance in order to make the whole country a Canada healthy and strong."

His honor, Col. Harry Cockburn, first governor of Ontario, who is now in the remarkable development of the Canadian west in the past quarter century. "Today we find a country once with a wealth in 1921 of £60,000,000, and a population of 1,000,000, who produced in 1921 \$1,000,000,000 of goods and services, and whose estimated total wealth today is £1,000,000,000. These figures speak for themselves and give us courage to face the future with a strong heart."

Ask Protection Of Sea Commerce

Is Duty Of Canadian People Says Navy League

Winnipeg.—The Dominion Council of the Navy League of Canada has passed a resolution stating that it is the opinion of the council it was the duty of the people of Canada to provide adequate naval protection to the home commerce of the Dominion.

The resolution stated that such protection should be in the hands of the people of the Dominion, and in proportion to the volume of sea-borne trade and in accordance with the spirit of the Dominion regarding that consideration of such naval needs cannot further be postponed.

Hauling Gravel On Hudson's Bay Line

Two Trains Distributing It Along Right Of Way

The P.N.W. steam shovel has started operation on the Hudson's Bay Railway.

It is located at a gravel pit about five miles south of the town. This pit was recently purchased by the Canadian National Railway, which is taking steps to acquire the land adjoining, which contains a large quantity of gravel. Two trains are working out of this pit, distributing it along the right of way. It is expected that another shovel will be put in commission very shortly.

Sentenced to Hang Winnipeg.—Sentence of death was passed on Daniel Proulx for the murder of Annie Corbett, an old-time resident in Winnipeg, May 1st. The execution was fixed for August 25. Proulx was removed when sentence was pronounced.

Negotiations Completed Liverpool.—It is understood that the negotiations for the sale of the White Star line to British interests in Italy.

Russia Cancels Orders Moscow.—Unable to obtain long-term credits from German banks, Russia has cancelled part of the orders placed with German firms for the delivery of goods to other countries.

Trade Tariff Advisory Board

Manufacturers' Association Expresses Faith That Proper Stand Will Be Taken

Toronto.—Confidence that the new tariff advisory board would deal fairly with the problems which will be called upon to face, keeping in mind a broad Canadian attitude in their discussions, was expressed by various members at the annual meeting of the Canadian Manufacturers' Association.

"I think, gentlemen, that when you take your cases to that commission you will be well received in many all-fair cases as Canadians they will take a proper stand."

Regarding the relation of the manufacturers to the rest of the country, the speaker said: "What we want to do is show ourselves in a proper light to other classes in the country. Our case is their case, their case is ours. If we could bridge over the gap that appears to exist we would have a complete something worth while for the good of Canada."

Mr. E. J. Davis, Newark, speaker of the conference, declared that the tariff advisory board was established in Canada today and therefore suggested a Canadian development committee, composed of men making it a duty to meet representatives of farmers and other classes to discuss matters of interest to all. This way an excellent condition of affairs could be brought about.

\$3,000,000 IS VOTED FOR WORK ON H. B. ROAD

Altona.—After considerable discussion, the house passed a bill of \$3,000,000 for the Hudson's Bay Railway. The vote was 10-9.

The purpose of the vote is to put into effect the plan for the construction of the road from The Pas to The Rapids on which steel has already been laid.

Speeches came mainly from Conservatives, among them there was division of opinion over the road. The point was pressed, however, that before embarking on the Port Nelson railway scheme, it would be advisable to make practice tests of the Hudson's Bay line as a grain carrier.

Mr. Bayle, as a grain carrier, made trips for three years from Halifax to Port Nelson and gave a fair and honest report of the strain and the bay.

Mr. H. R. Bennett was emphasizing the suggestion when a Conservative interrupted that the vessel in question might take the coldest load.

"On the board of strategy," said Mr. Bennett, "I am not a Conservative. Immediately after the passing of the Hudson's Bay vote, the house, which was divided, passed a resolution to build the road from The Pas to The Rapids on which steel has already been laid.

Mr. H. R. Bennett, who is now in the house, declared that the road from The Pas to The Rapids on which steel has already been laid.

SENATE DROPTS AMENDMENTS TO CUSTOMS TARIFF

Ontario.—The senate adopted the budget amendments to the customs tariff and the bill was given its third reading.

When these amendments were under discussion, Hon. J. R. Bell, for the government, declared that he never could understand how the service administered the customs act of 1914. He was getting less than \$2000 a year were doing work of the most important character. He did not believe that the service would ever be properly administered unless competent men were secured by paying adequate salaries.

Mr. Jacques Bureau, late minister of customs, endorsed the remark of Mr. Bell. He believed the present customs staff was equal to the task. He believed the present customs staff was equal to the task. He believed the present customs staff was equal to the task.

There was considerable discussion of the bill. It was finally passed by a vote of 10-9.

Higher Production Of Registered Seed

Decided Increase Shown in 1925 Over Former Years

Ottawa.—Statistics published by the government show that the production of registered seed of the principal crops in 1925 shows a material increase over the production of 1924.

Figures just released by Peter Stewart, secretary of the Canadian Seed Growers' Association, show that the production of registered seed of the principal crops in 1925 shows a material increase over the production of 1924.

May Organize Wheat Pool For Ontario

Will Likely Work In Close Cooperation With The Western Pool

Toronto.—That the United Farmers' Cooperative Council of Ontario, which is now in the process of organizing a wheat pool for Ontario, will likely work in close cooperation with the Western Pool, was indicated by H. A. Gilroy, president of the United Farmers' Cooperative Council of Ontario, in a statement here.

Colin A. Barnett, Winnipeg, secretary of the Western Pool, who is now in the process of organizing a wheat pool for Ontario, will likely work in close cooperation with the Western Pool, was indicated by H. A. Gilroy, president of the United Farmers' Cooperative Council of Ontario, in a statement here.

Mr. Gilroy expressed himself as having no objection to the formation of a wheat pool for Ontario, but the matter will be threshed out later at the next board meeting of the United Farmers' Cooperative Council of Ontario, Ltd., this month.

Valuation Of Elevators

Valuation of 451 Elevators in Saskatchewan, \$8,342,740,000

Winnipeg.—On application of R. H. Williams, representing Saskatchewan Pool Elevators Ltd., proceedings of the arbitration board valuing the elevators of the Saskatchewan Wheat Pool, in connection with the proposed sale of the Saskatchewan Wheat Pool, were held at the Board of Arbitration and the arbitrators are returning home.

The arbitrators are returning home. The arbitrators are returning home. The arbitrators are returning home. The arbitrators are returning home. The arbitrators are returning home.

GOOD SUPPORT FOR A NATIONAL FUEL POLICY

Ottawa.—Establishment of cooking plants in large centres of population and the adoption by the Dominion of measures which would enable Canada coal to be marketed in Central Canada, were recommended by provincial governments who appeared before the special committee of the house investigating the Dominion's coal supply.

Premier Ferguson, of Ontario, said his province was willing to bear a fair and reasonable share of the cost of encouraging the coal industry in Western Canada and in the Maritime Provinces. The committee of the house investigating the Dominion's coal supply.

Farmers Have Right To Specify Elevators When Shipping Grain

Prime Minister Of Hungary Assailed

Struck in Face When Leaving League of Nations Headquarters

Geneva.—Count Bethlen, premier of Hungary, was struck in the face by a Hungarian when he was leaving the League of Nations headquarters. His assailant was arrested.

As the man was taken out by detectives he told the correspondent he had assaulted Count Bethlen because he did not properly respect Hungary. If, he said, he gave a public demonstration of Bethlen's unpopularity, the assailant is supposed to have been an attorney general of the Hungarian Republic party. After striking Count Bethlen with his hand, he drew a knife and gave a Parla salute.

Sees Market In South

Porter Tells East of Wheat Produced in Western Canada

Winnipeg.—Porter, who is now in the process of organizing a wheat pool for Ontario, will likely work in close cooperation with the Western Pool, was indicated by H. A. Gilroy, president of the United Farmers' Cooperative Council of Ontario, in a statement here.

Mr. Gilroy expressed himself as having no objection to the formation of a wheat pool for Ontario, but the matter will be threshed out later at the next board meeting of the United Farmers' Cooperative Council of Ontario, Ltd., this month.

The Farmer's Wife Should Have a Bank Account

ON most farms the hens and other poultry are the special care of the farmer's wife, and the money that comes from this source is regarded as her own.

This money, if deposited regularly in a Savings Account, will soon grow to a considerable sum. Several hundred dollars in the Bank will give a wonderful feeling of security.

—yet Unmatched Smoothness

Sixty miles an hour and more is not uncommon among able motor cars. But sixty miles and more with perfect smoothness and steadiness is rare—so rare as to be virtually exclusive to the Oakland Six.

This unmatched freedom from vibration at all speeds is made possible by a new invention, The Harmonic Balancer, described by automotive engineers as the outstanding achievement of recent years.

If you have not seen The Harmonic Balancer—if you have not tested its remarkable effect upon motor car performance—drive this new Oakland Six and experience the new thrill of an unvarying smoothness.

Prices \$75 to \$500 Lower

Grand Motors Time Payment Plan (G.M.P.P.) permits the buyer to make his payments as he goes along. He can now save up to \$500 in his own time.

GLEICHEN STAMPEDE MOST SUCCESSFUL

(Continued from page 1)
Demerits race.—Geo. Thuring Robes first and Don McMaster second. Barrel turning race.—Don McMaster first and Three Sons second. Indian mile race.—Turned Up Nose first and Three Sons second.
Free for all.—Mark Cutter first, S. Balduze second.
Pony race, 14-12 hands or under, half mile.—Tommy Two Horns first, Willie Many Heads, second.
The judges for the bronze riding were: J. J. Miller, Walter Dugan and Frank Wolfe. For the horse race: Jin Young and W. W. Brown.
The evening ball game was one of the League games with Arrowwood playing against Gleichen. The score was 2 to 3 in favor of the visitors in a game of seven innings. Arrowwood scored five runs in the first inning and after that played their ball without ever getting to first base, while Gleichen scored one run in the first and one in the third.

Since the stampede about 100 head of horses have left Gleichen for the big Calgary doling next week, of these over 30 belong to Manager O. Desjardine, who will spend the entire week there.

Cop.—"Hey, where are you going? Don't you know this is a one way street!"
Alec (in new car).—"Well, I'm going away, ain't I?"

LOST.—Overland 90 crank in town or on east road to Chumy. Finder please return to Stabback & Brown.

OLD CESSAR

When Cessar took a westward ride And grabbed the Gaults for Rome, What was the first thing that he did To make them feel at home? Did he increase the people's loads and liberty forbid? No, he dug in and built Good Roads. That's what Old Cessar did.

Did Cessar cut the iron hoop Upon the fender's wheel? Or did he try to make them feel That Roman rule was best? What did he do to make them glad? He'd come their midst amid, He built Good Roads in place of bad. That's what old Cessar did.

He built Good Roads from hill to hill; Good roads from vale to vale. He ran a Good Roads movement Till old Rome was strong and hale. He told the folks to buy at home Build roads their hills amid Until all roads lead up to Rome. That's what old Cessar did.

If any town would make that town The centre of the map; Where folks could come and settle down, And live in plenty's lap, If any town its own abodes Of poverty would rid, Let it get out and build Good Roads Just like old Cessar did.

The acreage in sugar beets in the irrigated districts of Southern Alberta will reach 7,000 acres this season. This one thousand more than the contracted area of last season.

TOWN OF GLEICHEN

Public notice is hereby given under the provisions of The Tax Recovery Act, 1922, and amendments thereto, that the Town of Gleichen will offer for sale by public auction at the Town of Gleichen, Alberta, on Saturday, the 10th day of July, 1926, at 1:30 p.m., the following lots:

19 to 20	5	2822K
11 to 16	9	752N
14 to 17	10	"
21 to 40	11	"
30 to 32	20	2550AJ
1 to 4	A	5345N
18 to 24	C	"
31 and 32	K	"
31 and 32	K	1465AJ

The above described lots will be offered for sale subject to a reserve bid. Terms, cash (unless otherwise arranged with the Council). Dated at Gleichen, this 19th day of May, 1926.

PETER MACLEAN,
Secretary-Treasurer

QUEENSTOWN HAPPENINGS

(From our Own Correspondent)
A large crowd attended the baseball tournament set on by the Milo Baseball Club at Lake McGregor Park last Thursday, June 22. Four teams played for what was advertised to be a \$500.00 prize, but it transpired that the prize was wholly imaginary. So much for truthful advertising. Arrowwood won the first game from Milo by a 3-1 score. Arrowwood's Lorne and Lesper Milo battery, Nels and Jones. In a slugging box, Champion scored the second game from Milo by a 3-0 score. No prize or title being involved, the third game, played after a shower in the evening, was a tame affair, called in the sixth inning on account of darkness, and resulting in a 3-2 win for Champion.

QUEENSTOWN—MIL0 3, 4 INGS. (From our Own Correspondent)
A large crowd attended the baseball tournament set on by the Milo Baseball Club at Lake McGregor Park last Thursday, June 22. Four teams played for what was advertised to be a \$500.00 prize, but it transpired that the prize was wholly imaginary. So much for truthful advertising. Arrowwood won the first game from Milo by a 3-1 score. Arrowwood's Lorne and Lesper Milo battery, Nels and Jones. In a slugging box, Champion scored the second game from Milo by a 3-0 score. No prize or title being involved, the third game, played after a shower in the evening, was a tame affair, called in the sixth inning on account of darkness, and resulting in a 3-2 win for Champion.

The sale is not yet complete. After allowing Milo five minutes to return; play, which they failed to do, the umpire decided the game forfeited to Queenstown by the score of 9-0. May we suggest to the Milo players and particularly to the Milo manager, that it is usual in case of a dispute, decision to protest the decision and to finish the game under protest. Grayson a Queenstown player threw his knee out in the second inning and had to be taken from the game. Score by innings:
Queenstown: 3 4 0 3 0—10
Milo: 0 0 0 0 0—3
Referee: G. Rivold.
Queenstown lineup: Lorne, P.; Hesse, C.; Aston, 1b.; Hilger, 2b.; Conley, 3rd; Somerville, 3b.; Bliss, P.; Grayson, C.; Blocker, 1b.; H. Hooley, 1b.
Milo battery: Bourgeois and Jones.

TOWN AND DISTRICT

Joe Marshall was down from Calgary Tuesday meeting his former friends.

Pember Outlander, arrived Monday with his wife and child, from Saddle Lake to visit his parents. He has been transferred from the Saddle Lake Indian Agency to take charge of the reserve near Broadview, Sask., leaving for there yesterday.

Wm. Campbell of Donmyth took with the Stampede Friday and renewed acquaintances.

The Gleichen Women's Institute social evening last night proved most enjoyable.

Mayor Mike Brown motored down from Carleton last night and spent a few hours with his old Gleichen friends. In Namah's palmy days friend Mike was mayor of that town, but since he resigned that honored position Namah has not been nearly so prosperous—Carleton should take a friendly warning.

Let's all go to Standard and help them celebrate Dominion Day.
